MEMORIAL From Members of the Medical Profession in London, addressed to the Universities of Oxford and Cambridge. We believe that the adoption of such a system may be most beneficial, by supplying a means primarily for testing, and secondarily for increasing and guiding the preliminary knowledge of many who are destined for the study and practice of Medicine; thus meeting a want which has been long and deeply felt. We therefore desire to express our hearty concurrence in the proposal, and our hope that it will be adopted. (Signed) W. Adams, Assist. Surgeon to the Royal Orthopaedic Hospital. T. Addison, M.
