THE STRANGE STORY OF THE QUANTUM (PAPERBACK)

Dover Publications Inc., United States, 2011. Paperback. Book Condition: New. New edition. 201 x 140 mm. Language: English . Brand New Book. Completely non-mathematical, yet wholly faithful to the basic concepts of quantum mechanics, this book tells the fascinating story of the most thoroughgoing revolution in physics since Newton. In the first year of the twentieth century, a professor of theoretical physics in Berlin, Max Planck, suggested that light was not absorbed smoothly, but rather in small bundles or quanta....
