Didymi Chalcenteri Grammatici Alexandrini: Fragmenta Quae Supersunt Omnia (Paperback)

By Didymus Chalcenterus

Cambridge Library Collection, United Kingdom, 2010. Paperback. Book Condition: New. 211 x 140 mm. Language: N/A. Brand New Book ***** Print on Demand *****.Moritz Wilhelm Constantin Schmidt (1823-1888) published this work in 1854. It is a collection of the fragmentary Greek texts of Didymus Chalcenterus (63 BCE-10 CE), a grammarian and compiler who lived and taught in Alexandria and Rome. Didymus was perhaps the most prolific writer of antiquity: it is suggested by other ancient sources that he wrote between 3,500 and 4,000 books. Because he borrowed heavily from other authors, he is an important source for the lost work of writers such as Aristophanes and Aristarchus. Most of Didymus own work has perished, but what remains is collected here by Schmidt. The fragments cover topics including lexicography; grammar and orthography; the style and language of authors such as Homer, Pindar, and Demosthenes; and ancient historical writing. The final group of fragments includes a number of texts of which the attribution to Didymus is uncertain.

Reviews

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- ***Edwardo Rohan III***

Thorough guideline! Its this kind of excellent read. This is certainly for all those who statte there was not a well worth reading. Your way of life period will probably be transform once you complete reading this book.
