As soon as the idea of the Flood subsided, A hare stopped in the clover and swinging flowerbells and said his prayer to the rainbow through the spider s web . . . Arthur Rimbaud s short career as a poet came to a fiery close with The Illuminations. Innovative in their juxtaposition of images and exploration of language, the poems have inspired generations of poets. They retain their avant-garde flavor more than a century after they were first published. Five years in the making, this new translation by Keith Miller transmits the vitality and freshness of Rimbaud s voice while preserving fidelity to the originals. This dual-language edition allows readers to compare the translation with the original.
