Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1848 Excerpt: .I have made there can be no doubt that estuaryd0 pply of water into the estuary above, depends upon the momentum pends on mo- generated in those narrows. The bulb at Wallasey Pool detracts from narrows.1 6 tnc momentum. The straightening the wall in the manner described would improve the current and increase the momentum, inasmuch as the present irregular shores make irregular currents; those irregular currents /. M. Remiel, act upon each other and impair the general effect. If they can be made 23 June 1844 direct they are made more efficient, and consequently they will send a larger body of water up into the estuary, or at all events they will send that water up into the estuary which now runs into Wallasey Pool. I Abstraction of am as great an enemy as any one to the general question of abstracting water water from estuaries,...
