Brand New Book ***** Print on Demand *****.Colors and intensity of the aura, especially around and above the head have VERY special meanings. Watching someone s aura you can actually see the other person s thoughts before you hear them expressed verbally. If they do not agree with what this person is saying, you effectively see a lie every time. No one can lie in front of you undetected. We cannot fake the Aura. It shows our True Nature and intentions for everyone to see. Also, aura is our spiritual signature. When you see a person with a bright, clean aura, you can be SURE that such person is good and spiritually advanced, even if he/she is modest and not aware of it. Such attitude suppresses their True Nature, and their Auras seem to become suppressed too. When people realize that their Aura is on display and many people are able to see it, they will watch what they think. And they will try to see and improve their own Aura. In the process they will become better and wiser, being able to recognize intentions of other people. Surely, the entire world will become much better if all people can see and read Auras. Very young...
