The papers are intended for children to work through systematically with an adult who can provide assistance and diagnose key issues. Questions increase in difficulty, providing a clear measure of progress. Every book includes seven papers, each containing 50 questions, with a total of 50 marks available per paper. A double-page spread of worked Example questions appears at the front of each book, illustrating how to complete each type of question. Pull-out answers make scoring easy and include detailed explanations, colour-coded pictures and advice for adult helpers.The total mark per paper can be turned into a percentage result and added to the Progress chart at the back of the book following marking. The following question types are featured in Progress Papers in Non-verbal Reasoning 2: nets of cubes, matrices, codes, similarities, hidden pictures, reflected pictures, combined pictures, series, analogies and odd ones out.
