Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 120 pages. Dimensions: 9.2in. x 6.1in. x 0.3in.The Merry Wives of Windsor is a comedy by William Shakespeare, first published in 1602, though believed to have been written prior to 1597. The Windsor of the plays title is a reference to Windsor Castle in Berkshire, England, and though nominally set in the reign of Henry IV, the play makes no pretence to exist outside contemporary Elizabethan era English middle class life. It features the character Sir John Falstaff, the fat knight who had previously been featured in Henry IV Parts 1 and 2. It has been adapted for the opera on several occasions. The play is nominally set circa 1400, during the same period as the Henry IV plays featuring Falstaff, but there is only one brief reference to this period, a line in which the character Fenton is said to have been one of Prince Hals rowdy friends (he kept company with the wild prince and Poins). In all other respects, the play implies a contemporary setting of the Elizabethan era, circa 1600. Falstaff arrives in Windsor very short on money. He decides, to obtain financial advantage, that he will court two wealthy married women, Mistress Ford and Mistress Page. Falstaff decides to send the women identical love letters and asks his servants Pistol and Nym to deliver them to the wives. When they refuse, Falstaff sacks them, and, in revenge, the men tell Ford and Page (the husbands) of Falstaffs intentions. Page is not concerned, but the jealous Ford persuades the Host of the Garter to introduce him to Falstaff as a Master Brook so that he can find out Falstaffs plans. Meanwhile, three different men are trying to win the hand of...
